## TOTAL JOINT REPLACEMENT: WHAT YOU NEED TO KNOW BEFORE GOING UNDER THE KNIFE

Seniors today are living longer and leading more fulfilling lives. In order to remain independent and active, some of these same individuals are considering total joint replacement surgeries.

Before determining if a total joint replacement is right for an individual, he/she must be aware of the facts and details relating to these surgeries.

- **TOTAL JOINT PRESENTATION**  
This 15 minute presentation will discuss what individuals can expect prior to, during, and after surgery.
